Want To Know Whether Land Is Usable For Dump

Although the Board of Health has requested the Land Acquisition Committee to "procure" land for dump purposes, in accordance with the amended town meeting article, the Selectmen first want the area studied to be sure it is usable for the purpose.

The land, adjacent to the present dump, was specified in the study committee report as being logical for the extension of the dump.

However, the Selectmen believe that borings should be taken on the land, to find out whether there is much ledge and where it might be

located. They had in mind that the present dump is located in an old quarry, indicating the presence of similar material in the area.

Harold Rafton, chairman of the Land Acquisition Committee, agreed to walk over the area with Town Engineer Thomas Flynn and Highway Supt. Stanley Chlebowski, and to approach the subject of borings with the owner of the land.

DOG LICENSES ARE ON SALE NOW

School Children Hurt By Falling Light Fixture

Express Wonder At Large Tract

The Selectmen have questioned whether it is necessary, and whether it is good business judgment, to acquire over 30 additional acres of land in southern Andover for school purposes.

The acquisition would give the town some 35 acres of good, usable land for a school, plus a few acres of swamp and wet ground that must go along with the buildable areas.

No decision seems to have been reached yet, but in discussions Monday night with Harold Rafton, chairman of the Land Committee, the Selectmen wondered why so much area must be taken. They questioned whether it might be better to obtain less, and pay less, even if the resulting piece of land is not squared off on each side.

It is presently proposed to secure two parcels of land, and add them to 11 acres currently under town ownership. The present acreage is usable, and the D'Annolfo sub-division, of 10 (Continued on Page 15)

Candidates File Expense Report

Candidates for election to town office have filed their expense accounts with the town clerk, as required by law.

B. Allen Rowland, successful candidate for Selectman, listed expenses of \$429.25 and no contributions.

William Stewart, re-elected as Selectman, \$78.90 expenses, no contributions.

Raymond W. Schlapp, candidate for Selectman, \$132 expenses, no contributions.

Roger Collins, candidate for Selectman, spent \$150 and received \$50 in contributions.

R. Wayne Long, also a candidate for Selectman, spent \$61 and received nothing in contributions.

"God must have been watching over them" was the town's thankful comment late Wednesday morning, following the early-morning crash of a 30-foot fluorescent light in an eighth grade classroom at St. Augustine's School.

Of nine children taken to Bon Secours Hospital, one was admitted for additional care. Eight were given treatment and released.

The light fixture, newly-installed this summer, crashed down on their heads and shoulders about 8:30 a.m., without warning.

Six youngsters suffered serious scalp lacerations, but after emer-

Pack 75 Held Successful Meeting

Cub Pack 75 held a successful meeting recently, with Cub Master Stephen Korba awarding the "Cubby Trophy" and "Flag Ribbon" for attendance to the newly-organized Webelos Den.
John J. D. Shea is Den Master of the new Den, and the award came for having the largest number of parents at the Pack meeting.
Mrs. Joyce Rossito, Den mother of Den Six, had charge of opening ceremonies. Participating were Joseph Rossito, Michael Meyers, Charles Girardin, David Belanger; and, as Flag bearers, Joseph Rossito, Charles Girardin, Michael Meyers and Michael Belanger.

Community singing was enjoyed, directed by the Cub Master and with Mrs. William Igoe at the piano.
Den Four, with Mrs. Frances James directing, acted out the theme of the month "Islands of the World". Paul Thomas opened the skit. In the cast were John James, William Shea, Peter Symosek, Jeffrey Joiner and Lemaitre Colaneri.
Dens One and Three portrayed "Knights in the Land of Pretend", with Den Mothers Marguerite Bourbeau and Kaye Fleming in charge. Den One cubs included David Fleming, Mark Sullivan, John Fairburn; Den Three cubs included William Harter, Louis Bourbeau, Stephen Earley and Michael Walsh.
New bob-cats admitted to the Pack were John Keefe and Eugene Sheehan. They were pinned by their fathers.

The following awards were presented by Mr. Korba:
Assistant Denner badge - Michael Belanger, Joseph Santarlasci; Lion badge, three gold arrows, five silver arrows, Peter Thornton; Gold Arrow, William Moriarty, John Korba, Kenneth Herrick; Bear badge, Denner badge, Daniel Earley; Bear badge, Gold Arrow, Assistant Denner, Fred Simon; Wolf badge, Assistant Denner, Michael Meyers, Stephen Earley, Louis Bourbeau; Wolf and Denner badges, Charles Girardin; Denner badge, David Belanger; Wolf badge, Joseph Rossito; Wolf badge, Gold Arrow, Peter Symosek; Gold Arrow, one-year pin, Lemaitre.

Colaneri; Webelos badge, Gold and Silver Arrows, Stephen Tetreault; Gold and Silver Arrows, Dennis Tetreault, Mark Lindholm; Gold Arrow, Denner badge, Mark Tetreault; Lion badge, James Igoe; one-year pin, Mark Sullivan.

A one-act play and the closing Prayer were acted out by Cub Joseph Santarlasci.

Stopped Rolling Car On Moraine Street

Mrs. Joel Labell of Moraine st. has been receiving the congratulations of friends, after she managed to stop a driver-less, moving car near her home last Thursday afternoon.

Mrs. Labell, it is reported, ran after the car, climbed in and was able to stop the vehicle before it struck anything. She then went from house to house, searching for the driver, to let him know where the car was parked.

Women's Group Is Planning Meeting

A luncheon meeting of the board for the Women's Committee of Brandeis University was held at Fieldstones restaurant, March 1.

URBAN RENEWAL

Urban Renewal in Andover is far more than a pipe dream. The town voted for the study. And scores of thousands of tax dollars have been spent on it. Final plans and costs are expected next month.

The CO-OP could have ignored Urban Renewal, since it is outside the proposed redevelopment area. But the CO-OP has decided that Urban Renewal is far too important to ignore.

In deciding to do an independent study of Urban Renewal's economic feasibility and to prepare a preliminary sketch, the CO-OP feels that it is looking out for its members' interests as the largest business in the center of town. And because the CO-OP, with over 2700 members, represents a large segment of Andover, we hope also to be doing a service to the town as a whole.

We can make no predictions regarding the outcome of our study or regarding any future action. The ultimate decision rests with our shareholders. But we will keep the public informed of our findings.

Urges Action To Preserve Areas

Oscar M. Root, local chairman for National Wildlife Week, March 18-24, today pointed out some of the things that citizens can do at the local level to help preserve wetlands.

He stated that voters can urge their senators and representatives to support the following legislation: H1173, a federal bill to limit the destruction of duck-breeding marshes in the Dakotas; S1, state bill for marine fisheries management; S551, state legislation providing for a coastal wetlands study; and S552, provision for a study of shellfisheries in Massachusetts. He also stated that landholders can sell their wetlands to the Department of Natural Resources for addition to the present state-owned land in North Andover and thus preserve the wetlands as well as increase land available for hunting, fishing, and other forms of recreation.

Mr. Root urged that planning boards and conservation commissions attach serious importance, in their community planning, to the preservation of marshes, swamps, and other wetlands. He pointed out, for example, that in 1959 the Blackwell Report, "Changing North Andover", recommended that the south study area be retained in its natural state because the soil and topography are un-

suitable for individual water supply and for safe individual sewage disposal. He also stated that this southern region is a part of the Ipswich River watershed, and that reduction of wetlands not only can lower the water table in immediate surroundings but also can adversely affect the average water level in a stream in its lower reaches.

Mr. Root applauded the following local organizations for their efforts to preserve woodland and wetlands: Lawrence Park Commission; Andover Village Improvement Society; North Andover Improvement Society; Andover Sportsman's Club, and the Methuen Rod and Gun Club. In the case of the latter club, he explained that a committee of Robert Hartung, Gustav Hering, and Vernon Mackie are working toward the preservation of woodland and the furtherance of fishing and hunting by the creation of a dam off Tyler st., Methuen, on the grounds of the Methuen Rod and Gun Club.

Serving On Local Campaign Committee

A local fund-raising campaign among alumnae and friends of Bradford Junior College is now getting under way in the Andover area.

Serving on the committee are Mrs. Allan B. Rogers of Spring Grove rd., Mrs. John M. McCoy of Sunset Rock rd., Mrs. Donald G. Thompson of Bancroft rd., Mrs. John S. Gillies Jr. of Porter rd., and Mrs. William Kurth, 14 Cheever cir.

The local drive is part of a general campaign to raise \$1,000,000 for a campus library and arts-study center.

At a dinner meeting held last week at the college, fund workers were told that nearly half the goal had already been achieved. Workers at the meeting mapped plans for the drive and heard the full story on the new building from

Bradford's president, Miss Dorothy M. Bell.

The local campaign is one in a series of area drives to be held throughout the country. The new building will be the first step in a multi-million dollar program to renew facilities at the 158-year-old institution that moved to its present campus in 1870.

"Good Ways For Good Meals" At Cooking Party

Next Tuesday evening marks a gala event at Central Elementary School, Andover, when the Andover Consumers' Cooperative joins with the Lawrence Gas Company to present a program on meat selection, menu planning and cooking for the information and entertainment of ladies in Andover and surrounding communities. The program theme, says Jeanne Ambuter, who will act as coordinator and emcee for the Andover Gas Cooking Party is "Good Ways for Good Meals."

The stage of Central Elementary School will be set up as a modern gas kitchen, in which Mrs. Jean Armstrong, Home Service Director for Lawrence Gas Co. will prepare many gourmet dishes, all of which will be awarded as door prizes.

The major door prize, eagerly sought by every lady attending, will be a Caloric Gas Range. "We selected the popular 30-inch model for the door prize," said Mrs. Jean Armstrong, "because it is so popular with all good cooks. The roomy oven makes it ideal for large families." This prize is now

on display at the Andover CO-OP. Following the cooking demonstration there will be a brief intermission during which United Farmers Dairy will serve refreshments of milk and cookies.

Next on the program will be an illustrated lecture by Mrs. Jeanne

Ambuter on good buying pointers when selecting meats. Mrs. Ambuter will be assisted by Bill Roeger, Meat Department Manager at the Andover CO-OP, who will illustrate the lecture with actual cuts of fresh meats. Hungry?

This exciting program ends with

a big prize award session. Foods, cuts of meat, big bags of groceries, gift certificates are among the

many prizes. Remember the date. Next

Good Records For Junior High Teams

Basket ball teams at the High this year enjoyed good records.

Howard Tozier, coach of the ninth grade team, boasts a 15 and 2 record this season and 1 over the regular season. His only loss during the season was a heartbreaking game against Winthrop.

East Brockton Junior High defeated Andover 42 to 23 in the Eastern Massachusetts F Basketball tournament.

The freshman team, sponsored by the sensational play of Deane and John Gallant, also had a fine playmaking of Bob and Allan O'Reilly, carrying the team to many fine victories. Hershon and Rick Abbott immensely with their exciting play.

The seventh and eighth grade basketball team enjoyed success with a 15 and 1 record. Coached by Ted Boudreau, the team went undefeated in the East Conference play. It was a great team effort with outstanding players such as Davison, Tom Marjerson, Artie, Larry Brucato, Steve, Bob Campbell, along with spirited and hustling players Charlie Towne.

GESING NAMED TO DEAN'S LIST
Rand W. Gesing of Andover, among those at Amherst who were recently named to Dean's List for outstanding academic achievement during the term.

Recount Gave Davey More Votes

Vincent P. Davey picked up a total of three votes last Saturday morning at the recount, thus widening his lead over Mrs. Reta Buchan to a margin of 10.

Davey won the School Committee contest March 5 by seven votes. The final total was 2,345 to 2,335.

In the recount, John S. Sullivan, who was re-elected, dropped four votes and Charles Liponis gained two.

Atty. Alfred W. Fuller represented Mrs. Buchan and Atty. Michael Batal Jr. acted on behalf of Mr. Davey.

The recount was without incident, and only three ballots were protested, following decisions by the Board of Registrars. The protests were withdrawn after the final tally showed they would have no effect on the tally.

gency treatment, only one, James Hurley, age 13, 5 Barnard st., was admitted.

Two were treated for shock and the ninth youngster suffered a shoulder injury.

Released after treatment were Paul Sheehan, 13, 7 Rock Ridge rd., James U. Burke Jr., 13, 93 Poor st., Michael P. Winters, 14, 17 Memorial cir., Elizabeth O'Leary, 13, 9 Cornell rd., all suffering scalp lacerations; Augustine Caffrey, 47 Woodland rd., scalp and shoulder injuries; Mary Sullivan, 13, 136 Hidden rd., shoulder injury; Ruth Wesolowski, 10 Canterbury st., shaken up; and George V. Locke, 13, 1 Elm ct., shaken up.

Other children in the classroom were visibly upset after the acci-

dent, but did not require hospital care.

Sister Eleanor Gertrude, in whose class the accident happened, paid special tribute to the prompt and careful work of Paul Thomas and Vincent Santarlasci, who pulled the heavy fixture off the row of children. She also commented on the effective work of three other children, Harriet Keaney, Ellen Townsend and Ruth Wesolowski, and the school nurses arrived soon after the accident.

Three police cruisers and the ambulance responded to the call for assistance, and rushed the children to the hospital. Dr. John J. McArdle Jr. was summoned, and the school nurses arrived soon after the accident.

Electricians and the contractor were at the scene inspecting the fallen fixture, to determine what had happened to cause it to fall. Even as various officials continued to inspect the damage throughout the day, there was a feeling of relief that the children had not been more seriously injured when pinned under the long fixture.

New "Bird Dog"
For Mariners

An electronic "bird dog" has been introduced by Raytheon Company to help yachtsmen and fishermen find their way home. The new automatic direction finder hunts down a radio beacon signal then continues to "point" its bearing even though the boat changes course.

It's as easy to operate as a home radio. The boatman simply dials the frequency of the station he wants to monitor. From there on the "bird dog" does all the work. It listens intently, turning its "head" until it is pointing right at the station sending out the signals then displaying the correct bearing on a radio compass built into the equipment.

The Raytheon unit speeds taking bearings to determine a position at sea and can also be used to "home" continuously on a radio station ashore or a signal transmitted by another vessel.

The unit receives the new Consolan long range direction finding signals, conventional marine and aircraft radio beacon signals and the standard broadcast band.

Jenkins Received
Award For Model

An unusual hammer, plated with 24-carat gold, has been awarded to Harry K. Jenkins, 45 Ballantvale rd., by the editors of Mechanix Illustrated magazine.

Mr. Jenkins received his Golden Hammer from the national science monthly in recognition of his superlative craftsmanship. The magazine presents seven such awards each month for the best projects submitted by readers.

The award-winning project that won Mr. Jenkins his Golden Hammer is a beautiful, 20-inch long HO gauge model train inspired by a photo of a Civil War military train. It is featured in the March issue of Mechanix Illustrated. The hammer is a regulation-size tool and is designed for display, not for driving nails.

Miss Mabel Marshall of Pasho st. is enjoying a vacation in various parts of Florida.

ew "Bird Dog" for Mariners

An electronic "bird dog" has been introduced by Raytheon Company to help yachtsmen and fishermen find their way home. The new automatic direction finder hunts for a radio beacon signal that continues to "point" its beam in the direction of the boat. The "bird dog" is as easy to operate as a radio. The boatman simply turns the frequency of the station he wants to monitor. From there the "bird dog" does all the work. It listens intently, turning "head" until it is pointing at the station sending out the signal. It then displays the correct bearing on a radio compass built into the equipment. The Raytheon unit speeds taking bearings to determine a position at sea and can also be used to "home" continuously on a radio station ashore or a signal transmitted by another vessel. The unit receives the new isolon long range direction finding signals, conventional line and aircraft radio beacon signals and the standard broadcast.

EDITORIAL THOUGHTS

With Gratitude And Thanks

With reports of corruption, conspiracies, and generally unethical behavior ringing in our ears, we are more than happy to report several instances locally in which the integrity of our own officials has been lauded.

It isn't necessary to spell out the names — but it has come to our attention that one large-scale developer has specifically discussed the fact that no one in Andover has as much as asked for a favor, never mind anything else.

Salesmen, from time to time, have mentioned the fact that they are under no compulsion to even consider doing favors for local officials, nor is there ever the slightest indication that financial considerations should become involved.

We should be profoundly thankful that this is the case.

And we should be grateful to our dedicated municipal officials for the strict honesty with which they approach their responsibilities.

The fact that some salesmen express surprise that this is the case here, based apparently on their experiences with other communities, lends further support to our feeling that local town officials deserve our gratitude and our continuing support.

Study The Costs

It would be smart for the town to undertake a study of trash removal costs during the year.

There appears to be some sentiment throughout the town for this type of municipal service — but we believe no one currently knows what it would cost. Sure, there have been estimates and guesses — but we lack hard, factual data to back these up.

If the town is to consider providing trash collection at some future date, we certainly must have accurate information relating to costs, frequency of collection, whether it is to be contracted or municipally-operated.

The Selectmen, within whose policy-making responsibilities this eventually comes, would do well to appoint a committee to study the subject unofficially, and report the findings next fall in time for the preparation of warrant articles if this step is thought to be advisable.

How Much Is Too Much?

The Selectmen are currently examining the School Committee's proposal to acquire 40-plus acres of land off Wildwood rd. for a school site.

The acreage would have access through the DeVries development, from South Main st., through existing streets, and would generally serve that growing section of town.

Some questions have arisen as to the actual need for over 40 acres, when the minimum requirement for the school is about 12 acres, and the maximum, under state standards, would be, at most, 18.

The Land Acquisition Committee has stated that at least 35 of the acres are usable, while the remainder probably can not be used for actual construction because of the water table.

One of the parcels involved is already a sub-division and must go through Land Court if it is to be acquired and put to use by the town. The other parcel, containing both useful and wet land, is not now a recorded sub-division.

Additionally, the town owns about 11 good acres in the area, to which these other parcels would be added.

We wonder, as did the Selectmen, whether it makes good sense — in order to get a rectangular-shaped piece of land, and a large enough piece for future recreation uses — to buy or take so much property. There are those who believe the town should acquire as much land, throughout the community, as it can. Others feel that the town has no business owning more land than it needs for the specific purpose.... in this case a school.

From a dollars and cents standpoint, it seems obvious that some money can be saved if all of the land is not secured.

Secondly, and this is a matter of conjecture, is the town justified in buying and holding acreage, other than that specifically needed, for future municipal uses or as a green area?

This question should be answered before the area is purchased.

Down the Years with The Townsman

50 Years Ago — March, 1912

George A. Carter of Wolcott ave. has purchased the bakery route run by Gordon Whitman, selling products of Mitchell's bakery on Elm st.

A big electric sign with the legend "Tyrolian Tires" has been placed on the front of the Tyer Rubber Co. building.

An adjourned meeting of the Seminary Church was held Wednesday evening, at which the future of the Church was discussed. In view of the fact that Phillips Academy is planning to have a school church of its own, there has been a question as to whether it is advisable to continue the Seminary Church. It was voted, however, to continue the Church for a while, until the Academy takes some specific action towards its own church.

Vaughan Jealous and George Simpson are in England on business for the American Woolen Co.

Miss Chamberlain of Boston was the guest over Sunday of Mr. and Mrs. William Shaw.

Prize winners at the annual Lincoln Spelling contest included the following: sixth grade, Henry Lavery and Mary Caldwell; seventh, George Knipe and Jenny Boutwell; eighth, Julia McGrath and Rufus Kierstead; ninth, Alice Tomlinson and Eunice Stack; general prizes, Lucretia Lowe, Alice Tomlinson and Henry Lavery.

25 Years Ago — March, 1937

The 1933 pay cuts have been restored for all teachers and non-teaching personnel in the system, with the exception of those who came to Andover after Jan. 1, 1933. The School Committee acted after town meeting restored the pay cuts for other town employees.

William D. McIntyre has been re-elected chairman of the Board of Public Works, and Frank A. Buttrick was re-elected as secretary.

A School Board member to replace Mrs. Ralph N. C. Barnes will be selected Monday evening, at a joint meeting of the School Committee and Selectmen. The appointee will serve until March.

Henry Garrison Holt Jr. has been installed as captain of the Sons of the Legion — a newly-organized post here.

Margaret Dooley, a senior, Virginia Batcheller, William Hanon and Marie Hutchins, juniors, have been named for high honors for the third term at Punchard School by Principal Hamblin.

The simple chart of the Taxpayers Association at town meeting, on which total appropriations were recorded, as was the resulting tax rate, is given credit for keeping the rate down. It was noticeable that article after article was defeated, once the rate reached \$30. Later, treasurer Thaxter Eaton announced that some additional funds would be available, and the rate will be less than \$30 as a result.

10 Years Ago — March, 1952

Total appropriations at town meeting were \$1,390,632 — thus a tax rate of at least \$44 is indicated. The rate last year was \$40. Most of the Finance Committee recommendations were followed at town meeting.

A move to have the tree department consolidated with the Board of Public Works was a surprise ending for the town meeting. C. Carleton Kimball, speaking for the

Taxpayers Association, gained approval for his motion to appoint a study committee to investigate this possibility and report to the next town meeting. The vote was 190-65, and came after a voice vote had been doubted. There was no article in the warrant, the action coming on the final article calling for any new business.

Over 115 boys have registered for Little League tryouts.

An appeal for funds for the Republican party will be carried out here during April, under the chairmanship of Alexander D. Gibson.

Police are asking motorists to furnish the registrations of cars from which rubbish is being thrown onto town streets. The police agree not to reveal the name of anyone turning in such a registration, and urge cooperation in this regard. There have been many cases recently of trash being dumped along the roadside.

The Ballardvale branch library is open from 2-5 and 6-8 p.m. on Mondays and Thursdays.

All departments are closed on Sundays and holidays.

Summer hours vary, but will be announced later this spring.

Story Hours

This week's story hour is called "The First Day of Spring" and will have a number of stories that are related to this very happy season.

A week from this Thursday, March 29, at 3:35 o'clock, the stories will have the jolly theme of "April Fool" and will appeal especially to those who enjoy a good time. No tickets are required for stories, and all boys and girls are welcome.

Foreign Affairs

On Thursday evenings, the televised discussions of important aspects of foreign affairs, continue this week and next. The current subject is "United Nations: Independent Force?" to be followed next Thursday with "United States: New Directions In Foreign Policy?" Readings for this last mentioned subject include the following all available at the Memorial Hall Library: New Directions in U.S. Foreign Policy, by Richard N. Gardner; Goals For Americans, the report of the President's Commission on National Goals; How

To Win The Cold War, by Barr. Goldwater, from the New York Times Magazine; Arms Control: Issues For The Public, Louis Henkin, ed.; The Stages Of Economic Growth, a Non-Communist Manifesto, W. W. Rostow; The European Common Market: Its Meaning To The United States, the Comm. For Economic Development; The Politics Of Trade, by the League of Women Voters.

All books and articles mentioned are available for home use.

Recent Books

Here are several books recently purchased at the library, each valuable in its own way, and all deserving of readers' attention: The Harvesters, by L. R. Shottwell, a grim record of those migrant families that move about to harvest crops, outside of organized labor, without labor legislation, and a sad commentary on America's way of life; Doctors, Patients and Health Insurance, by H. M. Somers — shows how medical care is organized and financed in the U.S.; The Child And His Curriculum, by J. M. Lee — covers the elementary school age; Parliamentary Procedure, by Warren Lehman — here's the pleasantest way to learn the fine points of rules of order; Mathematics Made Simple, by Abraham Sperling, another book for the do-it-yourself reader; Black Mother, by Basil Davidson, a book that helps explain the present attitudes in Africa, the "Black Mother" whose endless supply of human beings for the slave trade brought wealth to the white man; Cajuns On The Bayous, by Carolyn Ramsey — an absolutely fascinating account of one woman's search for the existing groups of Acadians, descendants of the French settlers deported from Nova Scotia in mid-eighteenth century, now living in Louisiana; They All Discovered America, by Charles Boland, a revelation of the pre-Columbian visitors to America, telling where they came from, why, and evidence that supports the theory.

A Forward Look

National Library Week is coming early in April. All friends of the library are urged to plan at least one visit to the library to share in the festival of spring books to be on display.

PLINKERS DELIGHT IN NORTH READING

Do town officials frown on the use of back yards, town dumps, unused wooded areas, and others for target practice?

North Reading Rifle Club has the answer. Plinkers are finding their way to Central st., North Reading, where they can use any type of 22 caliber rifle without scopes to shoot at all types of movable or bustable targets such as paper milk and cream cartons, plastic containers of various sizes, paper targets of birds, rabbits, or bears, and various other objects. This added activity of the North Reading Rifle Club will continue Monday evenings as long as there is an interest shown. All shooters are welcome. Ammunition is available at the Club and there is a range fee for non-members and members. For further information, Mr. or Mrs. Henry Rockwell of Andover may be contacted.

TURKEY DINNER AT UNITED CHURCH

The Ways and Means Committee of the Ballard Vale United Church Guild will serve a turkey dinner Saturday, March 31. There will be two sittings, 5:30 and 6:30 p.m. Mrs. James Letters and Mrs. Frank Froburg are co-chairmen.

DIFFERENT KIND OF ONE-ARM DRIVING

An example of driving habits peculiar, fortunately, to few persons, was observed recently on North Main st.

A woman was seen driving down the hill, holding a small child in her left arm, so that the youngster could lean on the window ledge and watch the traffic go by.

Girl Scouts

Troop 118

The Girl Scouts of Troop 118 have started work on three new badges. They are working on the Adventure, Homemaking and Cooking badges. At a recent meeting, one group worked on knot tying and whipping ropes, another group worked on the compass, and a third group worked on nutrition. The girls then rotated from one activity to another.

Troop 79

The Girl Scouts of Troop 79 had their meeting at the home of their assistant leader, Mrs. MacMackin. She gave the girls instructions on First Aid, and taught them some methods of bandaging injured parts of the body.

Troop 90

The Girl Scouts of Troop 90 celebrated the Girl Scout birthday with a party. Some of the girls did some research on Girl Scouts in other countries, and talked to the troop about their uniform, customs, and things they liked to do. The countries chosen were Sweden, Holland, France and

Japan. Another group of scouts put on a play based on Little Black Sambo. While one girl read the Juliette Low story, the girls made their contributions to the Juliette Low Fund. Refreshments were enjoyed by all.

Troop 9

Senior Girl Scout Troop 9 was recently formed. Miss Joan Lamprey is the leader, and Mrs. Edith Eastman is the assistant leader. There are nine girls in the troop at present and they elected the following officers: president, Ellen Lugee; treasurer, Carol Eastman; secretary, Susan Kohli; and publicity chairman, Peggy Kempton. As a part of the requirements for becoming senior scouts, the girls attended the Andover town meeting. They were voted in and stayed for the entire meeting. Eventually, they hope to become a mounted troop.

Troop 68

The Brownies of Troop 68 lowered the flag outside Central School at their last meeting. They sang taps, and took proper care of the flag. The last of the Girl Scout Law scrap books were checked, and the girls worked on table setting both formal and informal. Some time was spent discussing the selection of a troop crest for next year. At the end of the meeting, they celebrated the Brownie Golden Anniversary. Donna Hungerford baked the cake for the party.

Troop 34

The Brownies of Troop 34 are busy with their Fly-up requirements. Film strips of the Birthplace and our Chalet were shown. Each girl was presented with a green iced cup cake with a yellow candle on top in honor of the Girl Scout birthday. The meeting was concluded with the Friendship squeeze.

Troop 32

The Girl Scouts of Troop 32 are busy making small looms to be used for swaps at the Senior Round-up. Mrs. Holmes, leader of Troop 90 is instructing the girls. Kathy Kitson, Karen Mahanke and Gwen Warwick, recently completed the swimming badge requirements. Leslie Schiller has been chosen as the representative for the Junior

High School Encampment.

Troop 86

The Brownies of Troop 86 recently planted their marigold seeds. They are working on safety rule books in which they are making all their own drawings. They recently completed their health charts. They are enjoying learning square dancing and Brownie songs.

Troop 112

The Girl Scouts of Troop 112 celebrated their fifth year together as a Troop as well as the golden anniversary of girl scouts. They also held a Court of Awards. The girls planned their entire meeting. Several of the girls took parts telling of some of the things the Troop had done. The meeting was then turned over to Mrs. Godin, the leader who made the awards. Swimmer Badges were awarded to Patty Bayliss, Jean Buck, Kathy Burt, Barbara Dolan, Susan Fisk, Debbie Godin, Linda Culbert, Jackie Ryder and Kathy Tyrrell.

Cook badges were awarded to Linda Culbert and Jackie Ryder. The Campcraft badge was awarded to Jackie Ryder and Susan Fisk. The Conservation badge, Jackie Ryder; Needlecraft badge, Debbie Godin, Lynne Sabbagh and Susan Sanborn. The Handywoman badge was awarded to Patty Bayliss, Jean

Buck, Kathy Burt, Barbara Dolan, Susan Fisk, Debbie Godin, Linda Culbert, Jackie Ryder, Kathy Tyrrell, Cathy Roehrig, Holly Washburn, Lynne Sabbagh and Susan Sanborn. The Child Care badge was awarded to Linda Culbert, and the Dabbler badge was awarded to Patty Bayliss. Five year membership pins were presented to Mrs. Bayliss, Mrs. Burt, Kathy Burt, Patty Bayliss, Debbie Godin, Susan Fisk, Linda Culbert, Diane Cannon, Cathy Roehrig, Jackie Ryder, Lynne Sabbagh, Susan Sanborn and Barbara Dolan. Mrs. Godin was very surprised when the troop presented her a

How many weeds will you plant this spring?

Up above you see pictures of tiny weed seeds, greatly enlarged. They weigh almost nothing. Let loose on your lawn they can work havoc.

Yet some boxes of grass seed — particularly the so-called "bargain" mixtures — contain thousands of these trouble makers.

Why let yourself in for trouble when you can plant Scotts Seed that is 99.9% weed-free. What's more, it's all perennial. No flash-in-the-pan annual seeds in the box.

Don't delay. Now's the time to get busy if you want to have the kind of lawn your neighbors will envy.

Now's the time to plant Scotts seed to add new life to that winter-weakened lawn

Auxiliary Will Hear Hermann Field

Thursday evening, April 5, at 8 p.m., the Essex North District Woman's Auxiliary to the American Medical Association will sponsor a unique program of interest and entertainment in Denworth Hall, Bradford Jr. College.

The featured speaker of the evening will be Hermann Field, an American architect, who after a week in Warsaw in search of his missing brother in the summer of 1949, went to the airport to catch a plane for home. Without warning, he was abducted by the Polish Security police and thrown into a cellar which was to become his home for the next five years. Such is the story of Mr. Field, celebrated best seller author, eminent architect, and the central figure in a five-year cold war miscarriage of justice.

Out of this fantastic experience emerged two books, "Angry Harvest", and "Duck Lane," conceived under the direst of conditions in collaboration with a Polish journalist and fellow cellmate named Mierzenski. The will to live which these men developed, and the strange forms it took during their five years in the cellar, makes one of the most inspiring and amazing stories ever told in an evening. Mr. Field, a Harvard graduate, has since returned to his profession as an architect, and is currently the planning director of the Tufts-New England Medical Center.

Also in the limelight for the evening will be The Comtols, a family of four talented musicians who will perform in various combinations to create a variety program of sparkling entertainment.

This program is being sponsored for the benefit of the Nurses Scholarship Fund which the Auxiliary supports. Each year, young women who show a genuine interest in a nursing career, but who, without financial aid, might forgo the opportunity to enter this proud profession, are assisted through the proceeds from these annual programs.

The chairman for this event is Mrs. Joseph A. Palladino of Andover. Committee members are Mrs. Leonard B. Ainsworth, Mrs. Harry V. Byrne, Mrs. Robert C. Ramsdell, Mrs. William G. Weiss and Mrs. John J. Wholey of Andover.

Senior Class Presents Play

The Andover High School senior class will present the hilarious play, "You Can't Take It With You" Friday, March 30, at eight o'clock at the High School Auditorium.

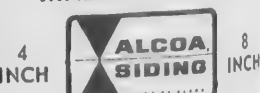

The cast includes Roger Thornton, Sharon Morris, Robert Westcott, Kathy Trzcinski, Mary-Ann Pasquale, Michael Azarian, Robert Karlis, John Bilello, Florence Duguid, Giles Larrabee, Rufus Brown, Hans Fruendt, Karen Leveroni, William Harding, Patricia Roberge, Heidi Petzold and John Weeks. The director of the play is Mrs. Blaine Saunders, who has her own adult dramatic class in North Andover. Co-directors are Mr. Newberry and Mr. Robichaud, members of the faculty at Andover High School.

This comedy was once made into a successful movie which has been seen and enjoyed by many. Tickets for the play can be purchased from any member of the senior class.

Alternatives suggested to the Committee were purchasing one or the other of the two parcels, and possibly selling the present town-owned parcel. Is Half a House Enough?

You couldn't replace your home for what it cost to build a few years ago. Are you still depending on the same amount of insurance you thought was enough when building costs were 30% to 50% less than they are today? Unless you could get along with much less house than you now have you better check on the size of your insurance policy. May we help?

Little Stories
about
Great
Hymns

Stabat Mater

At the Cross her station keeping
Stood the mournful Mother weeping
Close to Jesus to the last.
Through her heart His sorrow sharing,
All His bitter anguish bearing,
Now at length the sword has passed.

The simple, plaintive, tune and pitiful words on the sorrowing Mary make the Stabat Mater perhaps the most pathetic of all Christian hymns. It is translated and sung by Protestant churches as "Near the Cross was Mary Weeping." Written apparently by a Franciscan Monk, it was fostered by the Flagellants, who sang it while moving from town to town. Today it is sung to accompany the Stations of the Cross service during the Lenten season.

Indians Were Meeting Topic

At the March meeting of Priscilla Abbot Chapter, D.A.R., held at the home of Mrs. George Glennie on Wolcott ave., Mrs. Hamilton H. Sweet of Falmouth, state chairman of the American Indians Committee, gave a very interesting talk on our first Americans.

There are over 400,000 Indians in this country of different tribes; the population is increasing, but jobs for them are dwindling, as a goodly number do not want to leave

the reservations, and as they live mostly from the land, it has been becoming poorer in crops, and they have had to turn to other trades. They are skilled artisans with their hands when trained, and have learned to use their skills in many ways, building dams, bridges, and municipal buildings, after being instructed.

While the government sets up schools for the earlier branches of learning, it has been the task of private concerns to give the Indians college training, but this has been increasing, and more and more young men and women are going on further in education. St. Mary's College in Springfield, South Dakota, for young women, and Bacone College in Oklahoma for young men are two of the schools partly supported by the National D.A.R. and the Episcopal Church.

Mrs. Sweet said that those who go to the Continental Congress in Washington should see the work that is done by the Indian girls from St. Mary's, as they always have a booth in the exhibition hall. She commented the local Chapter on its project of saving Indian head nickels to be used for a scholarship in one of these colleges for worthy girls and boys.

The meeting opened at 2:30, preceded by dessert served by the hostess, Mrs. Glennie, assisted by Mrs. Wilson Knipe, Mrs. Will Brown and Mrs. Ernest Edmonds. Several guests were present including the Good Citizen girl, Miss Thelma Watson, and her mother, Mrs. William Watson. Miss Elizabeth Storer of Needham, state curator, attended, as she will be unable to come to the next meeting when the state officers will be present. A prospective member, Mrs. Olive Tanner; Miss Bernice Stimpson, formerly a teacher in the Andover schools; Miss Christine Edmonds, granddaughter of Mrs. Ernest Edmonds and niece of Mrs. Roland Weeks, from Centralia, Wash.; were welcomed by the gathering.

Mrs. Edwin Otto, regent, opened the business meeting and routine business was transacted. Devotions and patriotic exercises were led by Mrs. Edmonds, the chaplain, with one verse of the National Anthem being sung before the giving of reports. The President General's message was read by Mrs. Earl Thornton; the secretary's report by Mrs. Edward Thompson for Mrs. Harry Donovan, who has resigned as secretary on account of other duties; the treasurer's report by Mrs. William Trow, were presented.

Mrs. Leo O'Connor, ex-regent, read an article on Civil Defense, about bills before Congress on the European Common Market, UNESCO, Income Tax, Medical Care for the Aged, and Federal Aid to Education.

Miss Watson then was given her Good Citizen pin by Mrs. Thompson, chairman of the Chapter's Good Citizen committee. Mrs. Otto said that the Flag Codes had been received and will be distributed to Girl Scouts in Andover shortly, and that the two Flags are to be presented to two organizations will be sent from Washington, just as soon as they are flown over the Capitol.

Mrs. Otto told of the forming of a C.A.R. Chapter and said that the children who had joined were very enthusiastic about the work. This chapter includes besides the local chapter, children from Lawrence, Methuen and Reading who are eligible, whether or not their parents belong to the Chapters in these towns. Mrs. Otto also spoke of the spring conference of D.A.R. in Boston next week, at which time she is a candidate for the office of state

recording secretary.

The next meeting will be held at the home of Mrs. W. A. Currier, 9 Kensington st., Shawsheen, April 10, and will be State Officers Day. Roland B. Hammond will be the speaker and he will talk on Early Life in Andover.

Community Survey Now Underway

Residents of the community can look forward to receiving a questionnaire from the school department, as part of the Community Resources Survey project.

The activity is intended to find out who, within the town, will be willing to share some of their time, skills or materials with the teachers.

The school department, through Lauristan Ward, the curriculum coordinator, is working with the League of Women Voters on the project. Mrs. Virginia Cole is heading up the League committee.

A catalogue of community resources will be compiled from results of the questionnaire, and will be available to the teachers by next September.

The League and members of the school department have felt that there are many skills within the community which can be made available to the schools, and that many adults will wish to support their schools in that way.

BASKETBALL LEAGUE BANQUET IS MONDAY

The annual Church League banquet will be held next Monday night at 6:30 in the Junior High cafeteria.

Trophies, emblems and contest prizes will be awarded the League champions and individual contest winners. League President Robert G. McAnern and Charles O. McCullom are co-chairmen of the affair.

Top Students At High School

The top 10 percent of the class at Andover High has listed this week by principal Lindsay J. March.

From among these individuals the school will select graduates. In line with a change, Mr. March explained, valedictorian and salutatorian are being selected by the slight difference that exists between the grades of individuals.

Thus the top 10 percent class, academically, are alphabetically:

Nancy Baker, daughter of Mrs. Richard Baker, 13 rd.

Peter Beaven, son of Mrs. Raymond Beaven, 6 Y.

June Bassett, daughter of Mrs. Donald Bassett, 13 rd.

Wendy Blackman, daughter of Mr. and Mrs. W. H. Blackman, 13 rd.
